Help for Teachers: How to register as a teacher

This tutorial will show you how to register as a teacher. It takes about 10 minutes to register so please allow enough time to complete before you start.

1. From the home page click "Join Now", then "register as a teacher".

2. Fill in as much information as you can as this will populate your profile page, then click "continue". If you need to enter in more than one piece of information in a section, please separate with a semi colon (;).

3. Read through what the various accounts offer in terms of content and admin fees and click "pick this account" under your chosen one.

4. You will get a thank you notification if you have chosen the basic account. If you've selected the standard or premium account, you will be prompted to enter in your credit card details and click continue. Once the payment has gone through you will get the same thank you notification. You will be charged on the same date each month after the first payment is taken upon registrations. Please see the [terms and conditions](#) for more information.
